2. OPENING OF THE SERVICE PARK

2.1 BEFORE THE EVENT

The Service Park will be open to set the services up from Thursday 14th at 10.00h to Friday 15th at 16.00h

Only 1 service vehicle or unit (car, van, trailer, caravan, motorhome) per registered driver is authorised in the service space allocated to a competitor.

Only vehicles carrying a "Service" plate will be authorized within the premises of the Service Park.

An "Auxiliary" parking place will be arranged for those vehicles showing the "Auxiliary Service Park" sticker. In order to park their cars next to their assistance, teams will have to request the "Auxiliary Service" plate when registering.

In the event that there's no space available next to one's own assistance because the request is made after closing the registration, there will be an Auxiliary Service Park located at "H / Pep Bassas" street. Once this parking space is full, the rest of Auxiliary vehicles must be parked in the VIP Parking lot.

All team vehicles must be parked within their service zone. Any vehicle parked outside the Team service area must be removed and parked outside the Service Park premises.

Trailers must be parked in the "Trailers Parking", located at Domeny, accessible from streets E and G.
